

HUMIDIFIER

F&P 850™ System

MR850 Heated Humidifier

MR850 HEATED HUMIDIFIER

The MR850 heated humidifier is part of a complete system designed to deliver optimally humidified gas to adult and infant patients.

This dual feedback system incorporates advanced algorithms designed to achieve optimal humidity levels, while minimizing caregiver attention required.

The MR850 can be used for the full range of Fisher & Paykel Healthcare therapies across the F&P Respiratory Care Continuum™.
